Department Name: Women's Development Cell - SVU		Academic Year: 2022 -23
Title of the Event	Prevention of sexual harassment at workplace	
Type of the Event (Webinar/Seminar / Conference /FDP / Workshop /Training / Guest Lecture)	Workshop	
Level of Organization (Local/State National /International/ Intercollegiate /Intracollegiate)	SVU Level	
Collaborators if any	--	
Date of the event	07 December, 2022	
Time	11:00 AM to 01:00 PM	
Venue	B113 Seminar Hall, KJSCE	
Name of the Resource Person \ Guest	Flavia Agnes Human Rights lawyer and Majlis	
Brief profile of the resource person	<p>Ms. Flavia Agnes is an Indian women's rights lawyer with expertise in marital, divorce and property law. She has written and published numerous articles, some of which have appeared in the journals Subaltern Studies, Economic and Political Weekly, and Manushi. Flavia Agnes began working in the field of women in law in the 1980s, which was at the beginning of the second phase of the women's movement, and since 1988, Agnes has been a practicing lawyer at the Mumbai High Court. Along with Madhushree Dutta, Agnes is the co-founder of MAJLIS, meaning 'association' in Arabic, "a legal and cultural resource centre" those campaigns for and provides legal representation for women on issues of matrimonial rights, child custody etc. Since its inception in 1990, MAJLIS has provided legal services for 50,000 women, many of them destitute, and counseled three times as many.</p>	
Objective of the Event	In Consultation on review of Sexual harassment of women at workplace (Prevention, Prohibition and Redressal) Act, 2013.)	
Report (Not more than 500 words)	<p>Ms. Flavia Agnes explained how subtle forms of harassment are often not understood by women and even after realizing they are harassed, they are unable to speak out against such behavior. She elaborated that how the act against sexual harassment was passed in 2013, as well as how Vishakha guidelines came into existence after Bhavaridevi's case. She highlighted the contribution of the NGO Vishakha in formulating the necessity to prepare a separate act for this reason.</p> <p>Ms. Favia emphasized the importance of raising awareness about women's safety issues. She stated that ensuring the safety of women at work is the responsibility of everyone in the</p>	

	<p>organization. Preventative measures are always better than acting later after a mishap occurs.</p> <p>To combat harassment, there must be an internal committee of experts who act neutrally without prejudice. Both the victim and the accused should be attended to, as well as any evidence that is available, analyzed properly, and then the decision should be made. A victim can take the accused to court for justice if the judge's judgment is not satisfactory. When the internal committee finds the accused guilty, it is up to the committee to decide how to punish him. Sometimes increments and other benefits can be stopped by the institute's head on recommendation.</p> <p>If any member of the committee discusses any detail of the case as gossip, then he/she should be removed from the committee.</p> <p>She pointed out that men also face such and similar problems. However, given the struggles women go through on various fronts, their responsibilities, and the unfavourable circumstances they are subject to, the law supports women more than men.</p> <p>During her presentation, Ms. Flavia stated that each person should be aware of a few basic information such as the location of nearby police stations, NGO offices, attorneys, and domestic violence protectors. In addition, she recommended informing students in schools and colleges about marriage acts, etc. If the staff and students get a supportive atmosphere in the workplace or college, they will be able to express their issues and have the assurance that they will get a solution to their problems.</p> <p>The workshop was concluded with the 'vote of thanks' proposed by Dr. Nandana Prabhu, Secretary, WDC, SVU.</p>
Number of beneficiaries	62
Expected Outcome	The workshop was very interactive as the faculty, students and staff members asked various questions to the speaker and Ms. Flavia was very kind to give detailed answers to their queries.

Events

1. Kalamkaar

Women's Development Cell organized its annual theme-based content writing competition, known as '**Kalamkaar**' in November 2022. The event featured two distinct categories: **Poetry** and **Article Writing**, and it welcomed participation from students across various B-schools. Kalamkaar served as a prominent platform for budding writers to showcase their talents and engage in meaningful expression.

The chosen theme for the year, "**It's Okay to Not Be Okay**", held a significant place. This theme aimed to foster open conversations about mental health and the importance of acknowledging our inner struggles. It advocated for a candid discussion about mental well-being, a topic often relegated to the background.

From **November 30th to December 10th, 2022**, students submitted their creative works, which were then evaluated by the esteemed judgment of **Prof. Milind Gawai and Prof. Sudarshan Sirsat**, both distinguished faculty members of our institution. Their discernment played a pivotal role in determining the competition's outcomes.

On **December 16th, 2022**, the culmination of anticipation arrived with the announcement of results. Within this arena where emotions meld with words and ideas take flight, triumph manifested in the form of two individuals. **Ritika Chand from NMIMS** emerged as the victor in the **Article Writing** category, her prose reflecting grace and depth. Meanwhile, **Ashi Sinha from IIFT** secured first place in the **Poetry** division, her words resonating with poetic prowess.

Beyond its competitive aspect, "Kalamkaar" stood as a canvas for personal expression, enabling each participant to convey their thoughts and creativity. It wasn't just about winning but rather embracing the opportunity to delve into the realm of emotions and experiences. Plus the amazing cash prizes worth **₹3000/-** per category provided a significant push as well.

In the echoes of each piece, a strong message reverberated—acknowledging our vulnerabilities and embracing our imperfections is a vital step toward overall well-being. As the pages of "Kalamkaar" turned, they left an indelible mark, a commitment to nurturing creativity, amplifying voices, and fostering conversations about mental health.

2. Manasvini

The flagship event of WDC, Manasvini, is centered around the UN's International Women's Day 2023 theme - **DigitALL: Innovation and Technology for Gender Equality**. It was conducted in the second week of March around International Women's Day, celebrated on **8th March**.

Like every year, Manasvini brings you many events, including case study competitions, guest lectures, cultural events, and more.

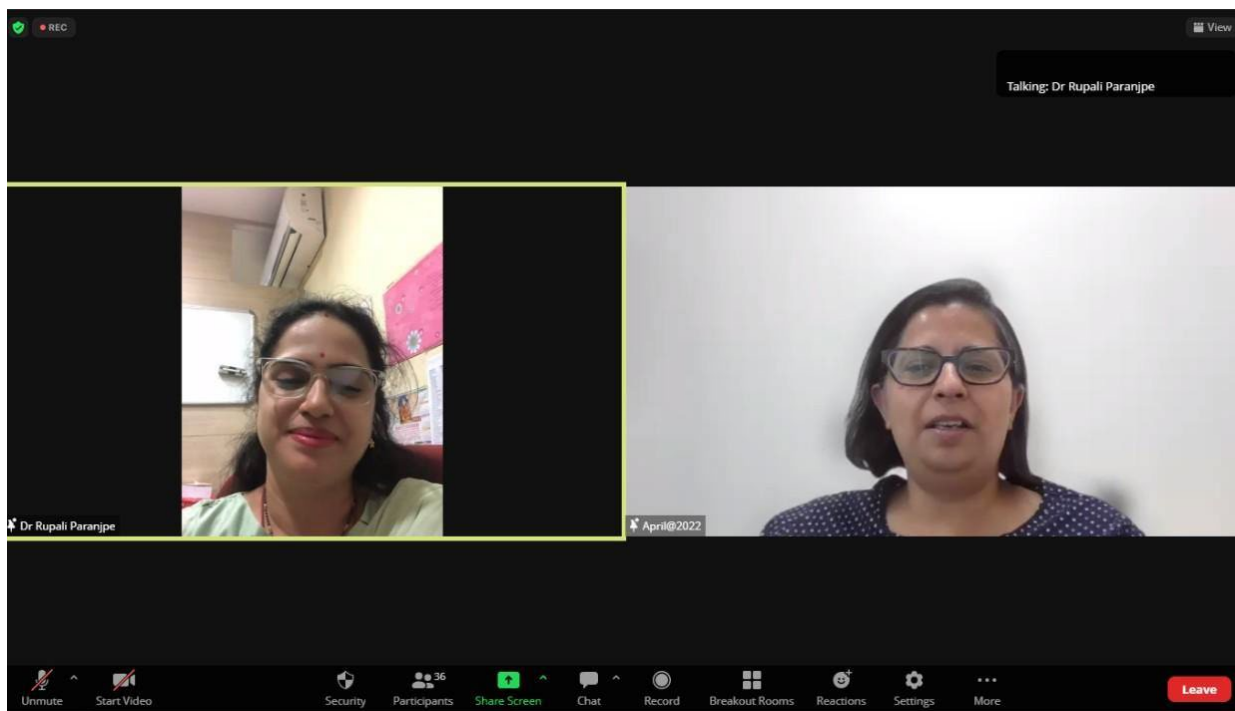

Manasvini provides a safe space for students, faculty, and speakers to actively engage in discussions and competitions, create awareness about women's issues, and inspire creativity & dialogue to develop creative and innovative solutions.

Manasvini 2023 was kicked off on 8th March 2023 with a guest lecture by **Ms Saru Kaushal**, an **alumnus of KJSIM from the batch of 1990-92**. She is a seasoned business leader with over 27 years of experience in financial services. She has managed large & diverse businesses spanning Commercial Lending, Payments, Insurance, Mortgages, Retail Liabilities & ATM Distribution at American Express, Maxlife Insurance & Citibank.

The event was organized in collaboration with the Alumni Committee. She delivered an hour-long session where she shared some of her wonderful experiences and fun tips on **how to manage work-life balance**. Something she shared that resonated with most of the audience was, **'You will never feel the need for a work-life balance if you enjoy your work, and you will never feel the need for a work-life balance if you are enjoying life'**.
